Nieuwsbrief in de zomermaanden

Omdat wij allemaal in ons hoogseizoen zitten en druk zijn met onze eigen producties staat het nieuws uit onze sector op een lager pitje. Zoals jullie wel gemerkt hebben heeft de nieuwsbrief een editie overgeslagen. In deze nieuwsbrief vinden jullie een speciale oproep voor een bijzondere workshop. Naarmate het einde van het seizoen nadert wordt de nieuwsbrief weer als vanouds, alsmede onze activiteiten en lobby's om onze sector te versterken.

Directing the Play

Exercise those funny bones with award winning funny man Fraser Hooper. Through improvisation, rhythm and play participants will discover the joys of seriously clowning around in a practical workshop that shows you how to build material into comic routines. Topics covered will include working the audience, developing style, directing and object theatre. Clowns on film will provide an additional feature to the classes. Fraser concentrates on rhythm and play and specialises in teaching how to give effective feedback.

Fraser Hooper has taught clown in over twenty countries and was for twelve years the resident clown tutor at The National Institute for Circus in London. Now resident in New Zealand he juggles his year performing and teaching around the world.

"Fraser delivers clearly and with much joy, the principles and practices that make his own work as a clown so brilliant. I came away with solid tools for creation and performance that will have a positive impact on my own work for years to come."

Pete Sweet, USA

"I learnt more about stage craft in his workshop than I'd learnt in years of training, Fraser Hooper is brilliant."

Suzanne Andrade, UK
